

## President & CEO's Report

As we close 2010 and look forward to a new year, we anticipate many challenges we can turn into opportunities. We recognize that New York State is struggling with its fiscal problems, but we have a new governor who is up to the challenge to correct the problems and put us back on track. Inspire continues to look at ways to strengthen itself during these difficult times and I want to acknowledge the efforts of the Board of Directors, the Management Team and Staff for all they did this past year to help keep Inspire on the right track. The most important part of this effort is our ability to continue to serve the needs of our partners throughout the community.

Marcel Martino

We will continue to strengthen our existing programs, while taking advantage of any opportunities that are presented to us to grow and diversify. Collaboration with other organizations continues to be a major focus for Inspire as we move into 2011.

As our five year strategic plan comes to a close this July, our new plan, which is in its final stages of completion, will guide us for the next three years, July 2011 – June 2014 and set the tone for Inspire's future.

## Did You Know...

In a recent article in The Times Herald Record, United Cerebral Palsy received an "F" for spending over 60% of their annual budget on marketing and fundraising, as opposed to programs. Inspire is **not** a member of United Cerebral Palsy, nor is it affiliated with it in any way. It is a member of New York State Cerebral Palsy Associations which is completely separate from UCP. As an independent 501(c)3 non-profit organization, Inspire serves the local region with a variety of life-changing programs and

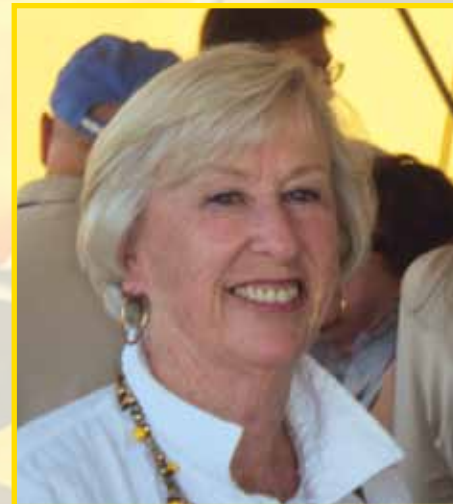

services for people with all types of disabilities and their families. We value donors who place their confidence in Inspire through their support, while allocating all donations according to the donor's intent to support a specific program, Endowment Fund, equipment purchases, or the agency as a whole. While the state budget has had its adverse effects, Inspire continues to operate cost effectively, providing the highest quality services to the community.

## Inspire's Shining Stars Recognized At Annual Celebration

The Inspire Foundation held its annual Shining Stars Celebration on November 20 at the Middletown Elks Lodge. Over 200 friends and supporters of Inspire enjoyed an evening of dinner, dancing and holiday cheer.

Each year, Inspire recognizes outstanding individuals from Orange County with Shining Stars Awards. This year, Inspire honored longtime Board Member and volunteer Mary Lee Berry for her dedication and commitment to Inspire. Mrs. Berry was the recipient of the Outstanding Service to People with Disabilities Award, which will be named in her honor going forward. Alan and Irving Zuckerman were given the Exemplary Service to the Orange County Community Award for their dedication and support of Inspire, as well as many other Hudson Valley based nonprofit organizations.

Shining Stars proceeds will be invested in Inspire's long-term endowment fund, which helps to ensure that Inspire is able to provide future programs and services for children and adults with disabilities.

## From Goshen To Iraq!

Kids from *Opportunities*, a program at Inspire for tweens and teens on the autism spectrum or with similar behaviors, put together care-packages for the 442<sup>nd</sup> Military Police Company serving in Iraq. Care packages included toiletries, snacks, stationery, Gatorade and hand-made pillows. The thought behind this wonderful gesture came from Danielle Papp, Assistant to the ResHab & Respite Supervisor at Inspire whose husband, Sgt. Michael Papp is currently serving overseas. Since the kids weren't able to see the expressions on the soldier's faces when the packages arrived in Iraq, Sgt. Papp was sure to take a picture!

To inquire about Inspire's *Opportunities* Program, please contact Jeanne Northrup at (845) 294-7300 ext. 239. Members should have some functional communication and a desire to socialize with peers. *Opportunities* includes two social skills training meetings monthly. During these meetings members will plan and organize a community event each month.

## Inspire Staff Spreads Holiday Cheer

Each holiday season, the staff at Inspire participates in a "Giving Tree Project" in which a holiday tree is placed at each location decorated with ornaments naming a toy and clothing size for a child in need. Staff members voluntarily choose one or more ornaments and purchase gifts for that child or family. With the support of so many generous employees, they were able to brighten the holiday season for 42 families that receive services from Inspire!
